The villa experiences its period of maximum expansion between the Renaissance and the early Baroque, it was the summer residence of the popes until 1626. Visit of the interior of the villa, including the wonderful "Sala degli Svizzeri", the splendid "Giardino della Girandola", the majestic "Portico del Vasanzio" and the "Teatro delle Acque".

Welcome to the wine cellar

Arrival to the wine cellar at 12.00, welcome with a presentation of the company, accompanied by a glass of rosé wine.

Masterchef, a fun competition

We then proceed to the room for the cooking lesson, where together with the chef we will learn how to prepare homemade pasta with eggs, flour and all the other ingredients. Under the supervision of the chef, the group will be divided into three subgroups that will compete in the preparation of pesto with basil, garlic, and pine nuts. A jury will then decide which pesto is the best!

Let's learn

After the cooking lesson, we will continue with a guided wine tasting. We will talk about the correct way of tasting a wine by proceeding with the various phases of olfactory, gustatory, and visual analysis.

It's lunchtime!

This will be followed by lunch in a prestigious area of Santa Benedetta, where we will be served a traditional Roman menu with four courses and pairing of local wines.

Nemi with its lake

After lunch we will continue the afternoon with a walk through the streets of the ancient village of Nemi, the smallest town in the Roman Castles dating back to Roman times. Colorful, surrounded by nature and with a unique view of the lake of the same name, it offers noteworthy views of the surrounding landscape. Return to Rome at 6.00 pm.
